

TEMPORARY CONSTRUCTION ACCESS

COOPERATOR NAME: _____

ACEQUIA NAME: _____

PROPERTY OWNER NAMES: _____

ADDRESS: _____

PHONE NO: _____

Type of Project:
(Describe) _____

The above mentioned cooperator possesses an easement right through private property for maintenance and the delivery of water for irrigation as per state statute 73-2-50.

However, the new construction project will temporarily require access to additional areas to accomplish the work. Additional area may allow for equipment, temporary storage of building materials, construction activity, work area, etc.

The cooperator and contractor are hereby authorized use of additional area by the property owner for duration of the construction phase. Property access description:

The cooperator and contractor will complete the project so that the surrounding area will appear in satisfactory, pre-construction condition.

I hereby grant permission to the cooperator and contractor to enter my property for the purpose of completing the proposed new project. The estimate date of completion is: _____.
